

COMPTROLLER GENERAL OF THE UNITED STATES  
WASHINGTON, D.C. 20540

B-146974

March 8, 1965

Dear Mr. McCone:

Herewith is a copy of our report to the Congress on potential savings by elimination of the requirements for registration, titling, and inspection of Government-owned motor vehicles based in Washington, D.C.

We reviewed about 97 percent of the District of Columbia records of inspection of Government-owned vehicles for inspection year 1963. Our review showed that, on the first inspection, the District of Columbia rejected about 26 percent of the Government-owned vehicles and about 16 percent of your Agency's vehicles.

As stated in the enclosed report, adequate agency inspection and maintenance programs will not only promote vehicle safety in the District of Columbia without the expense of a duplicate inspection by the Department of Motor Vehicles, but also contribute to the safety of Government-owned vehicles throughout the Nation.

Sincerely yours,

A handwritten signature in cursive script, likely of the Comptroller General, written over the typed name.

Comptroller General  
of the United States

Enclosure

The Honorable John A. McCone  
Director, Central Intelligence Agency
